to give me anything of value which had any bearing on her character, with the exception that he claims that Mrs. Easton bid in some goods at a sale at Morrisville, Pa. and that she took the articles away without paying for them. He claims that Lloyd Bond, an attorney, of Morrisville, knows the details of the transaction. Dr. Harry R. North of 160 West State Street, Trenton, informed me that in 1908 or 1909 he resided at 284 Hamilton Avenue, Trenton and that Mrs. Easton resided next door at 286. That he considered her a dirty, uncouth person and unworthy of belief. That while she lived next door he did not have much to say to her except on one occasion when he had some words with her in regard to the filthy condition of her children. He further informed me that after Mrs. Easton had moved from 336 South Broad Street she went to live at a place known as Dog Town, just outside of Trenton. That one night she was driving her wagon along the road when she was struck by an automobile driven by Al Manning, who is connected with the furniture business of A. V. Manning Sons Company. That he was called to attend her and while there was really nothing the matter with her she was inclined to exaggerate her injuries. Dr. North said that he might be able to get some additional information for me and I will see him again.
